#### Kentucky Fish and Wildlife is funded

through the sale of hunting and fishing licenses and boat registration fees. It receives no general fund state tax dollars. The Department manages, regulates, enforces and promotes responsible use of all fish and wildlife species, their habitats, public wildlife areas and waterways for the benefit of those resources and for public enjoyment. Kentucky Fish and Wildlife is an agency of the Tourism, Arts & Heritage Cabinet.

### **GENERAL REGULATIONS**

#### **HUNTING LICENSE REQUIREMENTS**

**License:** Unless license exempt, hunters must possess a valid Kentucky hunting license when hunting the species listed in this guide.

A Kentucky waterfowl hunting permit, and a federal migratory bird stamp, authorize the holder to hunt all types of migratory game birds including waterfowl (ducks, geese, coots, mergansers), moorhens, gallinules, rails, doves, snipe and woodcock.

For those who hunt migratory birds other than waterfowl, a Kentucky migratory game bird permit is required. The state migratory game bird permit authorizes the holder to hunt dove, snipe, woodcock, moorhens, rails and gallinules. (A federal migratory bird stamp is not required to hunt these species.)

When purchasing either a Kentucky waterfowl permit or state migratory game bird permit, hunters will be asked survey questions at the time of purchase.

#### **BAITED FIELDS**

It is illegal to hunt migratory game birds over a "baited" field. Baited fields are areas where grain, salt or other attractants have been placed other than those that occur by legitimate agricultural practices. Mature wildlife food plots grown to attract doves are legal hunting areas, as long as no additional attractants have been placed on these areas.

#### **FALCONRY**

The wildlife species listed in this guide may be taken by licensed falconers with any legal hunting raptor during the regular hunting dates listed for each species. All bag and possession limits apply to falconry hunting.

#### FIELD DRESSING

When field dressing, or otherwise

preparing for transportation, any of the species in this guide, except doves, one fully feathered wing or the head must be left on each bird for identification.

#### **HUNTING REQUIREMENTS**

All shotguns used to hunt any game species in Kentucky except deer must be plugged to hold three shells total; one in the chamber and two in the magazine. Shotguns of 10 gauge maximum are permitted.

#### **TAGGING**

No person shall give, put or leave any migratory game birds at any place or in the custody of another unless the birds are tagged by the hunter with the following: 1) The hunter's signature and address; 2) The total number of birds involved, by species; 3) The dates such birds were taken. Tagging is required if birds are being transported by another person for the hunter, or if birds have been left for cleaning, storage (including temporary storage), shipment or taxidermy services.

#### **WANTON WASTE**

All migratory game birds shall be retrieved, if possible, and retained in the custody of the hunter in the field.

#### **NON-TOXIC SHOT**

Possession or use of any lead shot while hunting or attempting to take waterfowl is prohibited statewide. Only USFWS-approved non-toxic shot may be possessed and used to hunt **doves** on Ballard, Boatwright, Doug Travis, Sloughs, Kaler Bottoms, Kentucky River, Duck Island, Taylorsville Lake, Ohio River Islands, South Shore, Yatesville Lake WMAs and Clarks River NWR and other areas as posted by signs.

#### **DOVE**

If the head and/or wing remains attached during transport or in the field, hunters may take unlimited numbers of Eurasian collared doves.

#### **CROW**

Mechanical devices and electronic attracting devices for crow hunting may only be used during the open season. Crows observed committing or about to commit acts of depredation may be taken yearround; however, persons attempting to take depredating crows shall not use blinds, decoys, calls or other lures to attract birds into shooting range during the closed season.

### WHO WE ARE

The Kentucky Department of Fish and Wildlife Resources is an agency of the Kentucky Tourism, Arts & Heritage Cabinet. Our nine-member commission is nominated by Kentucky sportsmen and sportswomen and appointed by the governor. This commission appoints the department's commissioner.

We employ about 500 people full-time, including conservation officers, wildlife and fisheries biologists, conservation educators, and information technology, public relations, customer service and administrative professionals.

Our headquarters is located in Frankfort, but we work with landowners, hunters, anglers, boaters and wildlife enthusiasts statewide.

### WHAT WE DO

We conserve and enhance fish and wildlife resources and provide opportunity for hunting, fishing, trapping, boating and other wildlife-related activities.

Every year, we:

- Enforce hunting, fishing and boating laws across Kentucky for resource protection and public safety.
- Manage about 1 million acres of public land and water for the benefit of all fish and wildlife species.
- Stock more than 4 million fish in public waters.
- Build and maintain public boat ramps, shooting ranges and bank fishing access areas, and acquire new public land and maintain facilities (capital construction).
- Assist about 2,000 private landowners with fish and wildlife habitat improvement.
- Inform and educate more than 400,000 kids and adults through education and outreach programs.

### How You HELP

Kentucky Fish and Wildlife receives no money from the state's General Fund.

You provide our agency's funding every time you:

- . Buy a hunting or fishing license
- Buy a firearm, ammunition, or fishing or archery equipment
- · Pay your boat registration fee
- · Buy fuel for your boat
